**In the event of a delay or closure, a telephone call and an email message will be sent to parents. Please be sure your contact information is up-to-date for your student.**

In the event of weather related incidents, district personnel survey roads within the district early in the morning and decide whether students can safely reach school. If a closure or a delay in start time becomes necessary, beginning at 6:00 a.m., announcements will be made. Unless you hear an announcement to the contrary, you should assume that Ferndale School District will operate on schedule.

Buses may run behind schedule when fog, ice or snow conditions exist. Parents are urged to see that their children are adequately clothed so that waiting in cold weather will not be too uncomfortable. In the event of starting late on a given day, buses will try to maintain a corresponding schedule. If county officials close roads to district buses, it will be the responsibility of the parent to provide transportation to school.

Unless a previous notice has been given, the district will not dismiss school early except when a definite safety or health factor is involved.
